

# Zakee Shariff

*for Freemans*

Zakee Shariff is well known for her eyecatching prints and graphic style and these are the key elements of her collection for the spring/summer 2006 Freemans catalogue. Two exclusive prints are incorporated throughout the collection and worked into fabrics through a mix of printing and embroidery techniques. The clothes are both elegant and sporty, as well as multi-functional – the silk khaki dress with sequin embroidered print has a drawstring drop-waist, so you can wear it casually over the skinny stretch jeans or just on its own to show off your legs.
