REAM HOMES FOR THE REAL WORLD / SEPTEMBER 2006 / £3.30

**Wall couture/** Dress your home to impress in Fromental's new range of bespoke hand-embroidered wallpaper. Each panel of the Chinoiserie range incurs 600 hours of work, which is reflected in the quality (and the price tag). Inspired by 18th-century aesthetics, every design is hand-painted on silk before being embroidered in delicate silk thread. Blooms, birds and butterflies shine in strong jewel colours, giving an air of decadent luxury. Prices start from £800 per sqm.
